of a customs union of import unless that State, free trade zone, or any Member State of that customs union of import is the first place of import, in which case the movement is an export within the definition of export.

*Scientific research activity* means any activity for which a person has a permit from NMFS under §216.31 of this title or an award letter from NSF or a permit from the NSF under 45 CFR part 670. Scientific research activities may also include harvesting or other associated activities if such activities are designated as scientific research activities by the Assistant Administrator.

*Seal excluder device* means a barrier within the body of a trawl comprised of a metal frame, nylon mesh, or any material that results in an obstruction to seals between the mouth opening and the cod end of the trawl. The body of the trawl net forward of the barrier must include an escape opening through which seals entering the trawl can escape.

*Specially Validated Dissostichus Catch Document* (SVD CD) means a *Dissostichus* catch document that has been specially issued by a State to accompany seized or confiscated catch of *Dissostichus* spp. offered for sale or otherwise disposed of by the State.

*Transship or transshipment* means the transfer of fish or fish products from one vessel to another; Except for purposes of catch documentation as provided for in §§300.107(c) and 300.114, transship or transshipment means the transfer at sea of a catch in its harvested or processed form from a vessel to another vessel or means of transport and, where such transfer takes place within the territory under the control of a Port State, for the purposes of effecting its removal from that State. Temporarily placing a catch on land or on an artificial structure to facilitate such transfer does not prevent the transfer from being a transshipment where the catch is not landed with the definition of landing.

*Vessel Monitoring System (VMS)* means a system or mobile transceiver unit approved by NMFS for use on vessels that take AMLR, and that allows a Flag State, through the installation of satellite-tracking devices on board its

### § 300.102 Relationship to other treaties, conventions, laws, and regulations.

(a) Other conventions and treaties to which the United States is a party and other Federal statutes and implementing regulations may impose additional restrictions on the harvesting and importation into the United States of AMLRs.

(b) The ACA implements the Antarctic Treaty Agreed Measures for the Conservation of Antarctic Fauna and Flora (12 U.S.T. 794). The ACA and its implementing regulations (45 CFR part 670) apply to certain defined activities of U.S. citizens south of 60° S. lat.

(c) The Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 *et seq.*), the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*), the Migratory Bird Treaty Act (16 U.S.C. 701 *et seq.*), and their implementing regulations also apply to the harvesting and importation of AMLRs.

### § 300.103 Procedure for according protection to CCAMLR Ecosystem Monitoring Program Sites.

(a) *General.* (1) Any person subject to the jurisdiction of the United States must apply for and be granted an entry permit authorizing specific activities prior to entering a CCAMLR Ecosystem Monitoring Program (CEMP) Protected Site designated in accordance with the CCAMLR Conservation Measure describing the Procedures for According Protection for CEMP Sites.

(2) If a CEMP Protected Site is also a site specially protected under the Antarctic Treaty (or the Protocol on Environmental Protection to the Antarctic Treaty and its Annexes, when it enters into force), an applicant seeking to enter such a Protected Site must apply to the Director of the NSF for a permit under applicable provisions of the ACA or any superseding legislation. The permit granted by NSF shall constitute a joint CEMP/ACA Protected Site permit and any person holding such a permit must comply with the appropriate
